

Saturday, October 10th		
TIME	SESSION	
13:00-14:00	Registration	
14:00 -15:30	Session 1 - Care gaps in asthma management	Session 2 - WAO
	<i>Chairs: Jean Bousquet & Walter Canonica</i>	<i>Chairs: Ignacio Ansoategui</i>
	Enrico Heffler Assessment of asthma control and severity	Program to be determined by WAO
	Louis-P. Boulet , Under and overdiagnosis of asthma	
	Louise Fleming , Pediatric asthma : current care gaps	
	Discussion	Discussion
15:30 - 17:00	Session 3 - WHO-GARD	Session 4 - Respiratory Societies Session
	<i>Chairs: Arzu Yorgancioglu, TBA</i>	<i>Chairs: Fulvio Braido, Pierachille Santus</i>
	Nicolai Khalhaev WHO and non-communicable diseases	Blasi Francesco - Italian Respiratory Society and asthma
	Jean Bousquet GARD: its mandate and accomplishments	Andy Bush The Severe Asthma Task Force Report
	David Price The global burden of asthma in 2020	TBC , ACCP Cough Guidelines: Asthma and NAEB
	Discussion	Discussion
17:00 - 17:30	BREAK	
17:00 - 18:30	GINA 2020 an overview	Plenary Session 1
	<i>Chairs: Walter Canonica and Jean Bousquet</i>	
	Louis-P. Boulet , The GINA report: evolution from past to current recommendations	
	Louise Fleming , GINA and the pediatric population	
	TBC , GINA and severe asthma.	
	Discussion	
18:30 - 19:30	Opening Ceremony	
	followed by poster section (with light dinner)	
	<i>Chairs: Louis-Philippe Boulet, Walter Canonica, Pierachille Santus, Fulvio Braido</i>	

Sunday, October 11th

TIME	SESSION	
08:00-8:30	Oral Communication 1	Oral Communication 2
9:30-11:00	Electronic monitoring and artificial intelligence in airways diseases management	Brain-body influences
	<i>Chairs: Louis-P. Boulet, Fulvio Braido</i>	<i>Chairs: Jonathan Bernstein and Peter Sterk</i>
	AI specialist TBC , The role of AI in medicine.	Perna Giampaolo , Stress and asthma
	Jean Bousquet , The ARIA model	Jonathan Bernstein , Violence asthma
	Samir Gupta , Electronic medical records and their role in asthma guidelines implementation.	Ilaria Baiardini Anxiety/depression and asthma
11:00-12:30	Session 5: Symposium on surveys	Session 6: Young investigators session
	<i>Chairs: Guy Brusselle, Jean Bousquet</i>	<i>Chairs: Andréanne Côté and Arnaud Bourdin</i>
	Fulvio Braido , Interasma INES Italy	Clinical fellows/residents presentations. Workshops : by Ian Pavord and TBA - How to write a manuscript - How to structure a clinical study Ian Pavord - Essentials on good clinical practices for research - Baseline information on how to analyze clinical data
	David Price , ISAR: The International Registry on asthma UK and Singapore	
	Enrico Hefler , SANI: Severe Asthma Network Italy	
12:30-12:45	BREAK	
12:45-13:45	Luncheon Seminar 1 and 2 (Company supported) <i>Topic ans speaker to be determined by sponsor</i>	
13:45-14:00	BREAK	
14:00-15:30	Session 7: What is the role of biologics in the management of severe asthma: which one to choose?	Session 8: Controversies in asthma management
	<i>Chairs: J.C. Virchow, Fulvio Braido</i>	<i>Chairs: Arnaud Bourdin, TBA</i>
	Fabiano Di Marco , What are the main targets of the current drugs and relevant biomarkers?	David Price , Real-life or RCT trials in asthma?
	Bagnasco Diego , How do the various agents compare in regard to efficacy and safety?	TBA , Treatment of mild asthma
	Ian Pavord , Which patients should receive those and should we assess their response?	TBA , Vitamin D and asthma
	Discussion	Discussion
15:30-17:00	UBIOPRED - Advances in the understanding of asthma	Plenary Session 3
	<i>Chairs: Guy Brusselle, Andréanne Côté</i>	
	K.F. Chung , Methodology to identify asthma "fingerprints"	
	Ratko Djukanovic , Observations from UBIOPRED	
	TBA , The future of biomarkers in airways diseases	
17:00-17:15	BREAK	
17:15-18:45	Session 9: Controversies in Asthma management	Session 10: Asthma and the environment
	<i>Chairs: Pierachile Santus, Andréanne Côté</i>	<i>Chairs: Jonathan Bersnstein, Mario Cazzola</i>
	Samir Gupta, Canada , Should action plans be provided? Are they used?	I. Ansoategui Pollution and asthma
	Giorgio W. Canonica , Should we get rid of chronic OCS treatment?/ Overuse of OCS	V. Patella Climate changes on the lung
	Alan Kaplan, Canada , Should all asthma patients be assessed at least once by a specialist?	K. Godbout Asthma at the workplace
	Discussion	Discussion
18:45-19:45	General Assembly	

Monday, October 12th

TIME	SESSION	
08:00-09:30	Oral Communications 3	Oral Communications 4
09:30-11:00	The future of asthma pharmacologic treatment Plenary Session 4	
	Lawrence DuBuske, Guy Brusselle	
	TBA, Non-biologics: Current role and new agents	
	Ian Pavord, Biologics	
	Peter Barnes, Where should research on asthma pharmacology go?	
11:00-12:30	Session 11: PRO-CON: Asthma COPD Overlap: is it a specific entity?	Session 12: PRO-CON: There is no more role for SABA in asthma?
	Chairs: Marc Miravittles, Fulvio Braido	Chairs: Louis-P. Boulet, Pierluigi Paggiaro
	YES - Krystelle Godbout	YES (there is no role) - TBA
	NO - Christian Virchow	NO (there is a role) - Ian Pavord
	Discussion	Discussion
12:30-12:45	BREAK	
12:45-13:45	Luncheon Seminar 2 (Company supported) Topic and speakers according to sponsor	
	Talk 51	
	Talk 52	
13:45-14:00	BREAK	
14:00-15:30	Session 13: PRO-CON: Should we use inflammometry in asthma management?	Session 14: PRO-CON: Step 2 treatment: regular low-dose ICS or on demand ICS/FORM
	Chairs: K. Godbout and Italian colleague	Chairs: JC Virchow and Italian colleague
	YES - TBA	Ian Pavord - Regular low-dose ICS
	NO - J.C. Virchow	TBA - On demand ICS/FORM
	Discussion	Discussion
15:30-17:00	Factors involved in the development of asthma Plenary Session 5	
	Chairs: Arnaud Bourdin, Gianni Passalacqua	
	K.C. Chung Viruses and asthma	
	A. Flocchi, Genetic & Epigenetic markers	
	K. Godbout Occupational asthma	
17:00-17:15	BREAK	
17:15-18:45	Session 15: Influences on asthma	Session 16: Socio-cultural aspects of asthma management
	Chairs: P. Sterk, Antonio Spanevello	Chairs: S. Gupta, Stefano Centanni
	Pierluigi Mauri - The Proteome microbiome and asthma	Jonathan Bernstein, Inner-city asthma
	Carlo Lombardi, Diet, obesity and asthma	Alvaro Cruz - Asthma in underserved countries
	Cristiano Caruso Drug-induced asthma (including ASA and AINS)	Nicolai Khaltaev, WHO - Strategies to help asthma patients with poor access to therapy discussion
	Discussion	Discussion
19:30-...	Presidential Dinner	

Tuesday, October 13th

TIME	SESSION	
08:00-09:00	Oral Communication	Oral Communication
09:30-11:00	Session 17: Immune mechanisms and asthma: new targets for treatment?	Session 18: Patient education
	Chairs: Cosmi Lorenzo, Ignacio Ansoategui	Chairs: J.C. Virchow, Ilaria Baiardini
	TBA, T2 asthma	TBA, Essentials of patient education
	TBA, Non-T2 asthma	Samir Gupta , Adherence to therapy & motivational intervention
	Ratko Djukanovic , Is airway remodeling relevant?	TBA, Electronic aids for patient self-management
11:00-12:30	Session 19: Asthma and exercise	Session 20: Acute asthma
	Chairs: M. Cazzola, L.P. Boulet	Chairs: T. Popov and Andréanne Côté
	Andréanne Côté Prevalence, mechanisms and phenotype	Arnaud Bourdin Predisposing factors and prevention
	Di Marco Fabiano , Assessment of EIB/EIA	Samir Gupta , The asthma action plan
	Sergio Bonini, Italy , Asthma treatment in the athlete	Di Marco Fabiano , Treatment
	Discussion	Discussion
12:30-12:45	BREAK	
12:45-13:45	Luncheon Seminar 3 (Company supported) Speakers and topics to be selected by sponsor	
	Talk 77 TEVA Inhaler therapy	
	Talk 78	
13:45-14:00	BREAK	
14:00-15:30	Session 21: Asthma and smoking	Session 22: Upper airways and asthma
	Chairs: Pierachile Santus and LP Boulet	Chairs: K. Godbout, Jean Bousquet
	TBA - Tobacco smoking and asthma	Giovanni Passalacqua , Influence of allergic rhinitis on asthma
	Francesco Blasi , Electronic cigarette	Enrico Heffler , Nasal polyposis and asthma
	Jonathan Bernstein Cannabis	Krystelle Godbout , Vocal cord dysfunction
	Discussion	Discussion
15:30-17:00	'Asthma in special populations'	Plenary Session 6
	Chairs: LP Boulet, Pierachile Santus	
	A. Berfonte , Pregnancy	
	Nicola Scichilone , The Elderly	
	Fabiano Di Marco (or Pierachile Santus) , The Obese Patient	
17:00-17:30	Closing Ceremony
